ABUNDANTLY YOURS

Over the last 15 years, thousands of church and ministry leaders have attended the CMA conference as a way to get trained, inspired and equipped in their ministry roles.

Again this year, we have assembled a large, diverse and skilled faculty to help you better achieve your mission.

- Engage with international and local thought leaders, and professional practitioners to experience God's abundance in your ministry.
- Join over 300 church and ministry leaders and invest in the professional development of you and your people.
- Choose from over 45 sessions covering: ministry leadership, governance, technology, finance, human resources, fundraising and strategy.
- Visit our large exhibition hall where you can discover ideas, products and organisations that can support your ministry.

Professional development for you and your team is an important component of turning your vision into reality. CMA can help, and we'd love you to join us at our first ever Brisbane conference.

Yours in Advancing Ministry,

Gary Williams,
National Director, CMA

SESSIONS & FEATURES

Choose from 42 elective sessions, presented by industry experts and practitioners, and from a broad and diverse range of training and professional development sessions for ministry leaders, managers and board members.

Plenary Sessions	George Savvides and Chris Wallace from Sodias; Gary Hoag from ECFA (USA); Jossy Chacko from Empart; Jerry White from Navigators (USA); Anne Robinson from Prolegis and other panellists in two stimulating Plenary Panel discussions.
Elective Sessions	Whether you are the CEO, a board member, or part of the management team in a church or ministry, with 40 electives to choose from over the two days, there's sure to be sessions of relevance to your role.
Networking	Our delegates come from the church world, the parachurch world, and the business world. From all denominations. But they all share a common desire to see God's kingdom flourish by leading and managing their organisations with excellence. Delegates regularly tell us that the networking is the best there is in Australia.
